

MA3-4 / MA5-6

Spider Crab Magic Arm User Manual

Features

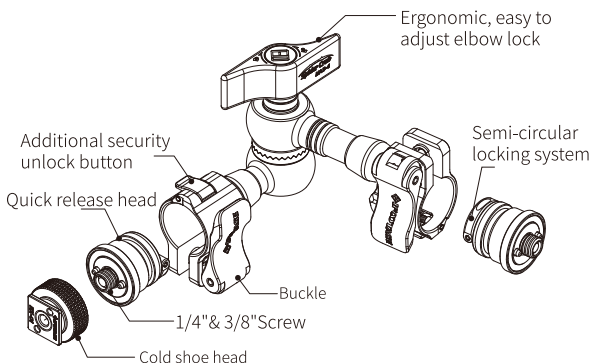

1. Modular design, with removable quick release head; ideal for attaching and supporting lights, mics, monitors and other devices.
2. The quick release head has an easy to use semi-circular locking system to secure your accessory/equipment. It can also be locked using the tool hook or a slotted screwdriver.
3. An anti-shredding security buckle lock system ensures no movement and absolute security.
4. Unique mechanical design ensures a ball head lock that is supremely strong, effective up to a max payload of 7kg and is compatible with most devices.
5. Super compatibility: both joints offer a choice of 1/4" and 3/8" threads.
6. Two independent, stainless steel, patented design joints are quick and easy to use.
